Introduction

Contained within this document are our brand guidelines, which provide instructions on how to utilize our identity clearly and confidently.

This document contains examples to inspire and encourage creative expression. It is for people responsible for company communications. Designers, marketers, and brand strategists can use the many color options, logo variations, and typography to ensure consistent communication, creating a strong, recognizable, and unified brand image for Fluxion.

Our Mission & Vision

Our Mission

To increase revenue via targeted ads and customized funnels; Build authority and gain social relevance through carefully crafted content; and Empower organization staff via teaching digital marketing to increase sales and maximize revenue.

Our Vision

To help businesses, and organizations maximize revenue growth through tailored digital strategies.

What we do?

Our Logo

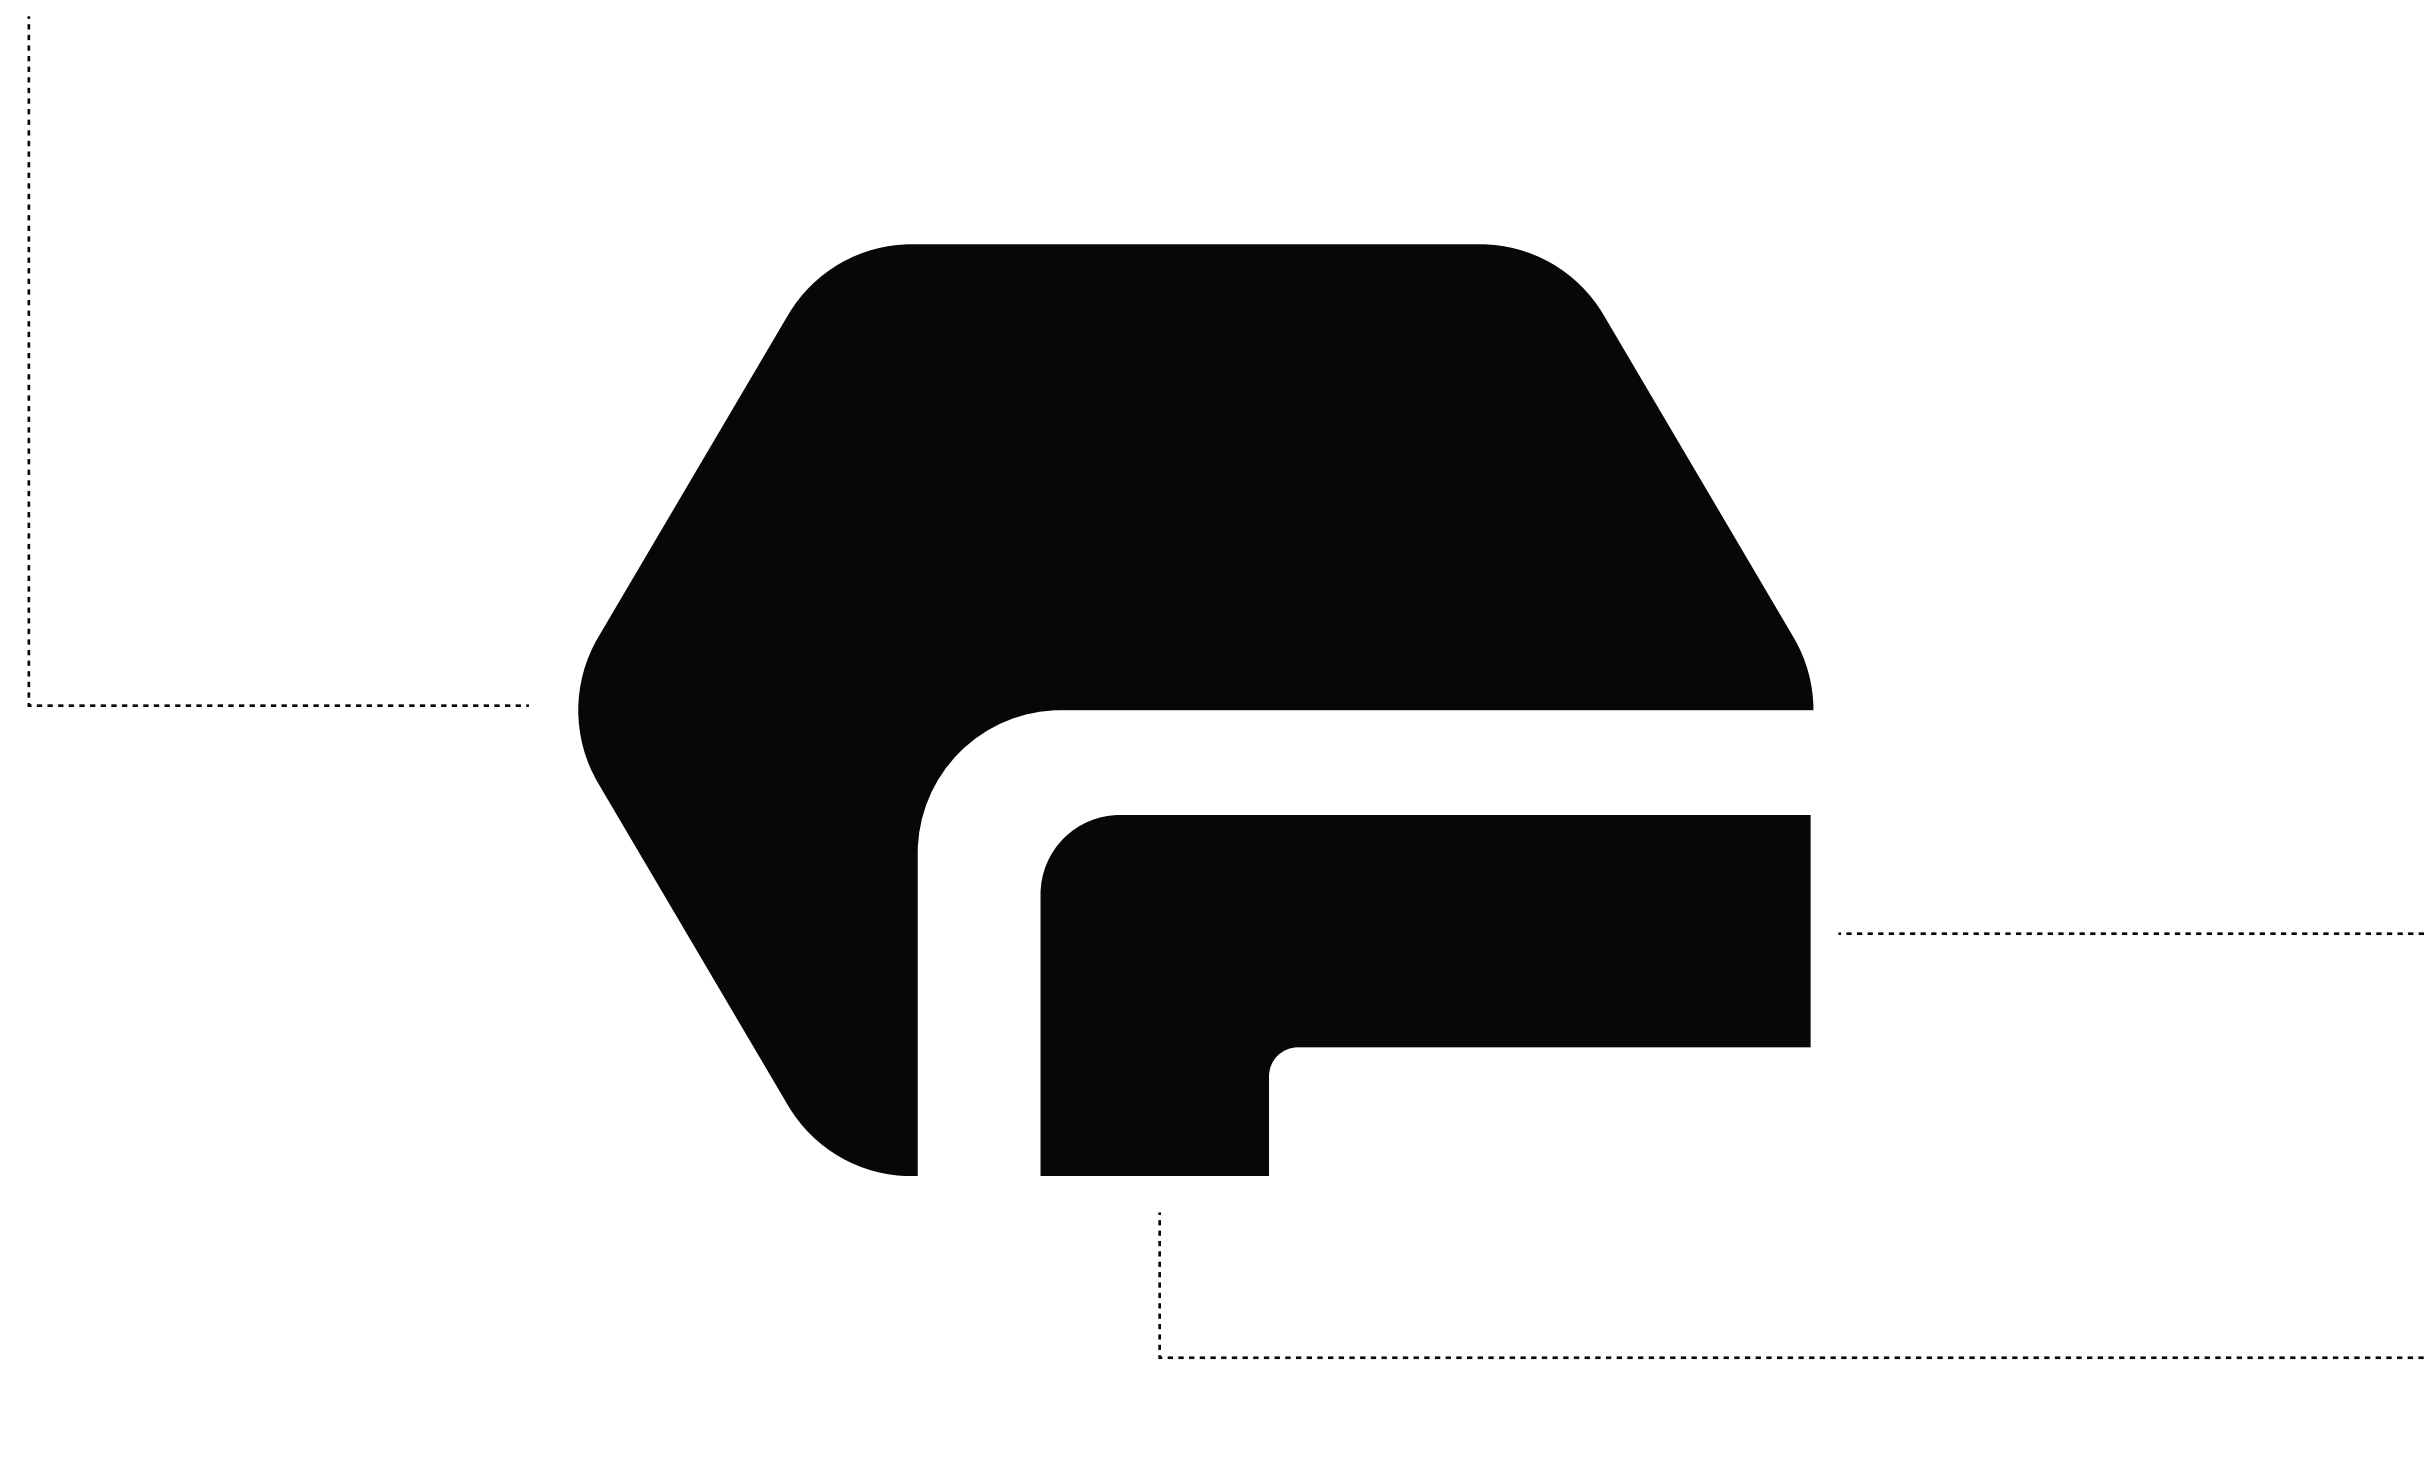

Our logo is an essential part of our brand, embodying our brand promise and establishing our visual identity.

The chosen logotype is modern, refined, and legible. The spacing has been consciously balanced, and no alterations should be made to the lettering.

Logo Mark Ideation

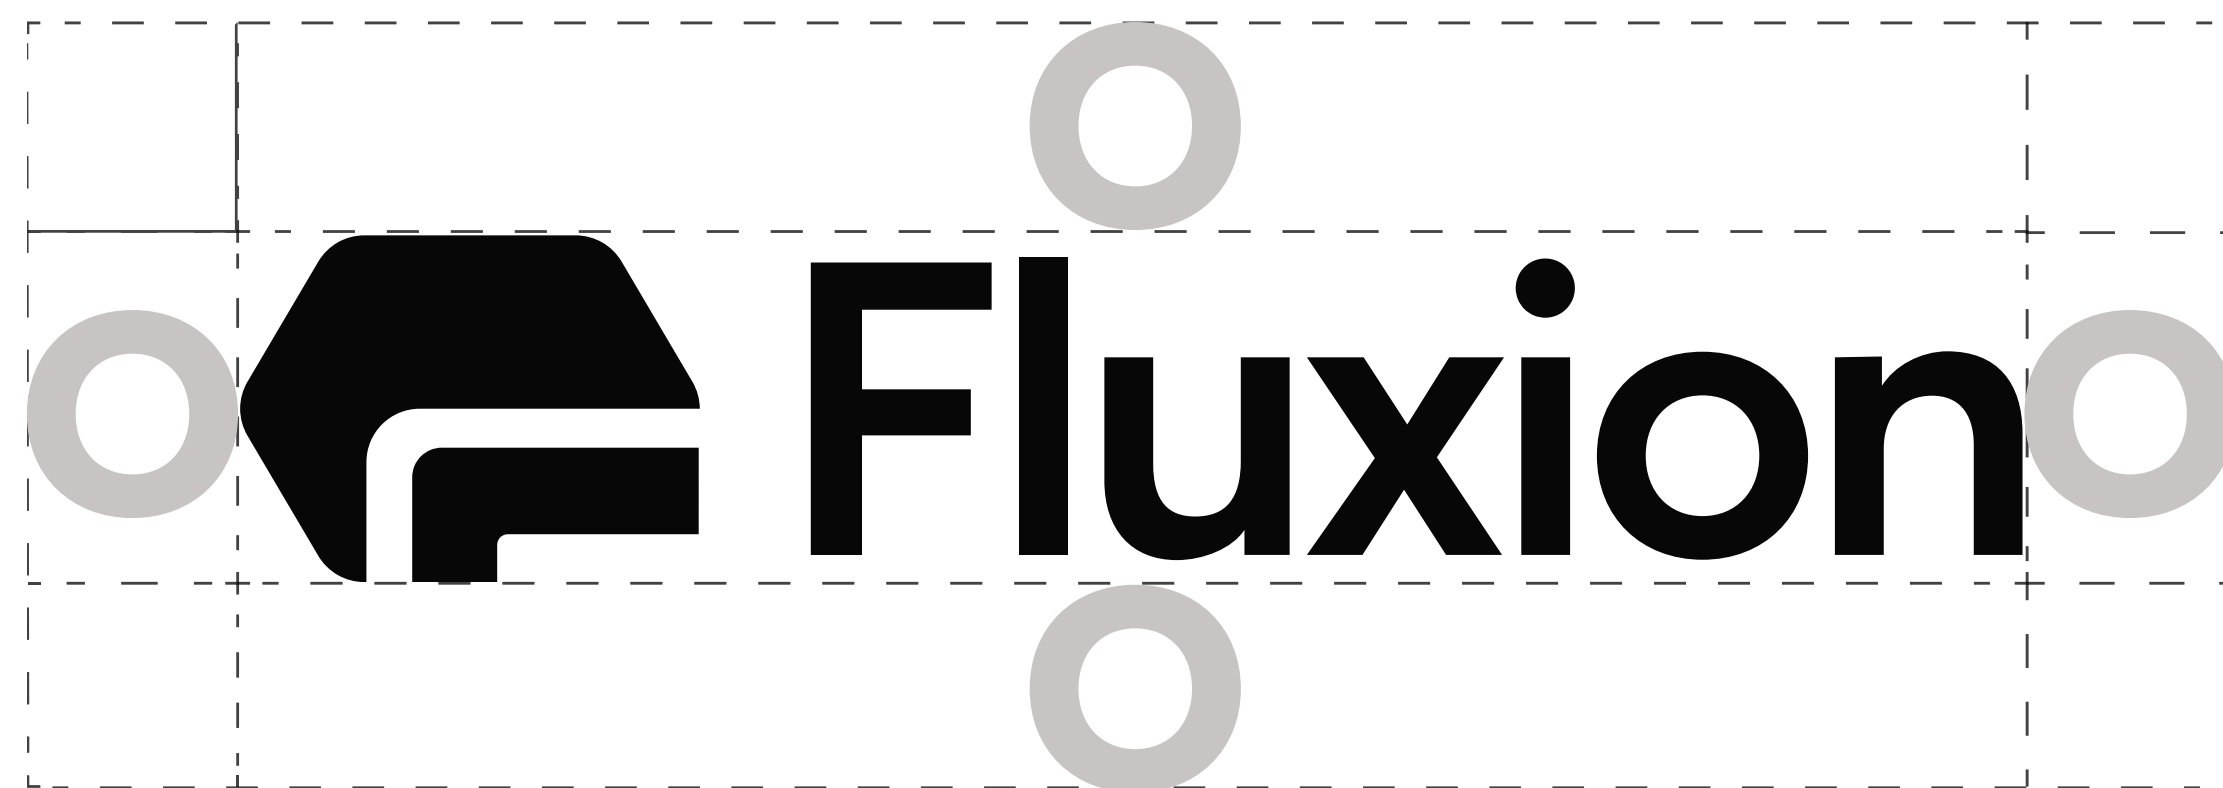

Imagine Fluxion as a head filled with ideas and strategies. This shape represents the ideas and strategies that Fluxion brings.

Represents the word “flux” from the brand name, which is the process of flowing in or out (In this case, the flow in and out of digital strategies). It also mirrors the top of an F, the first letter of the brand name.

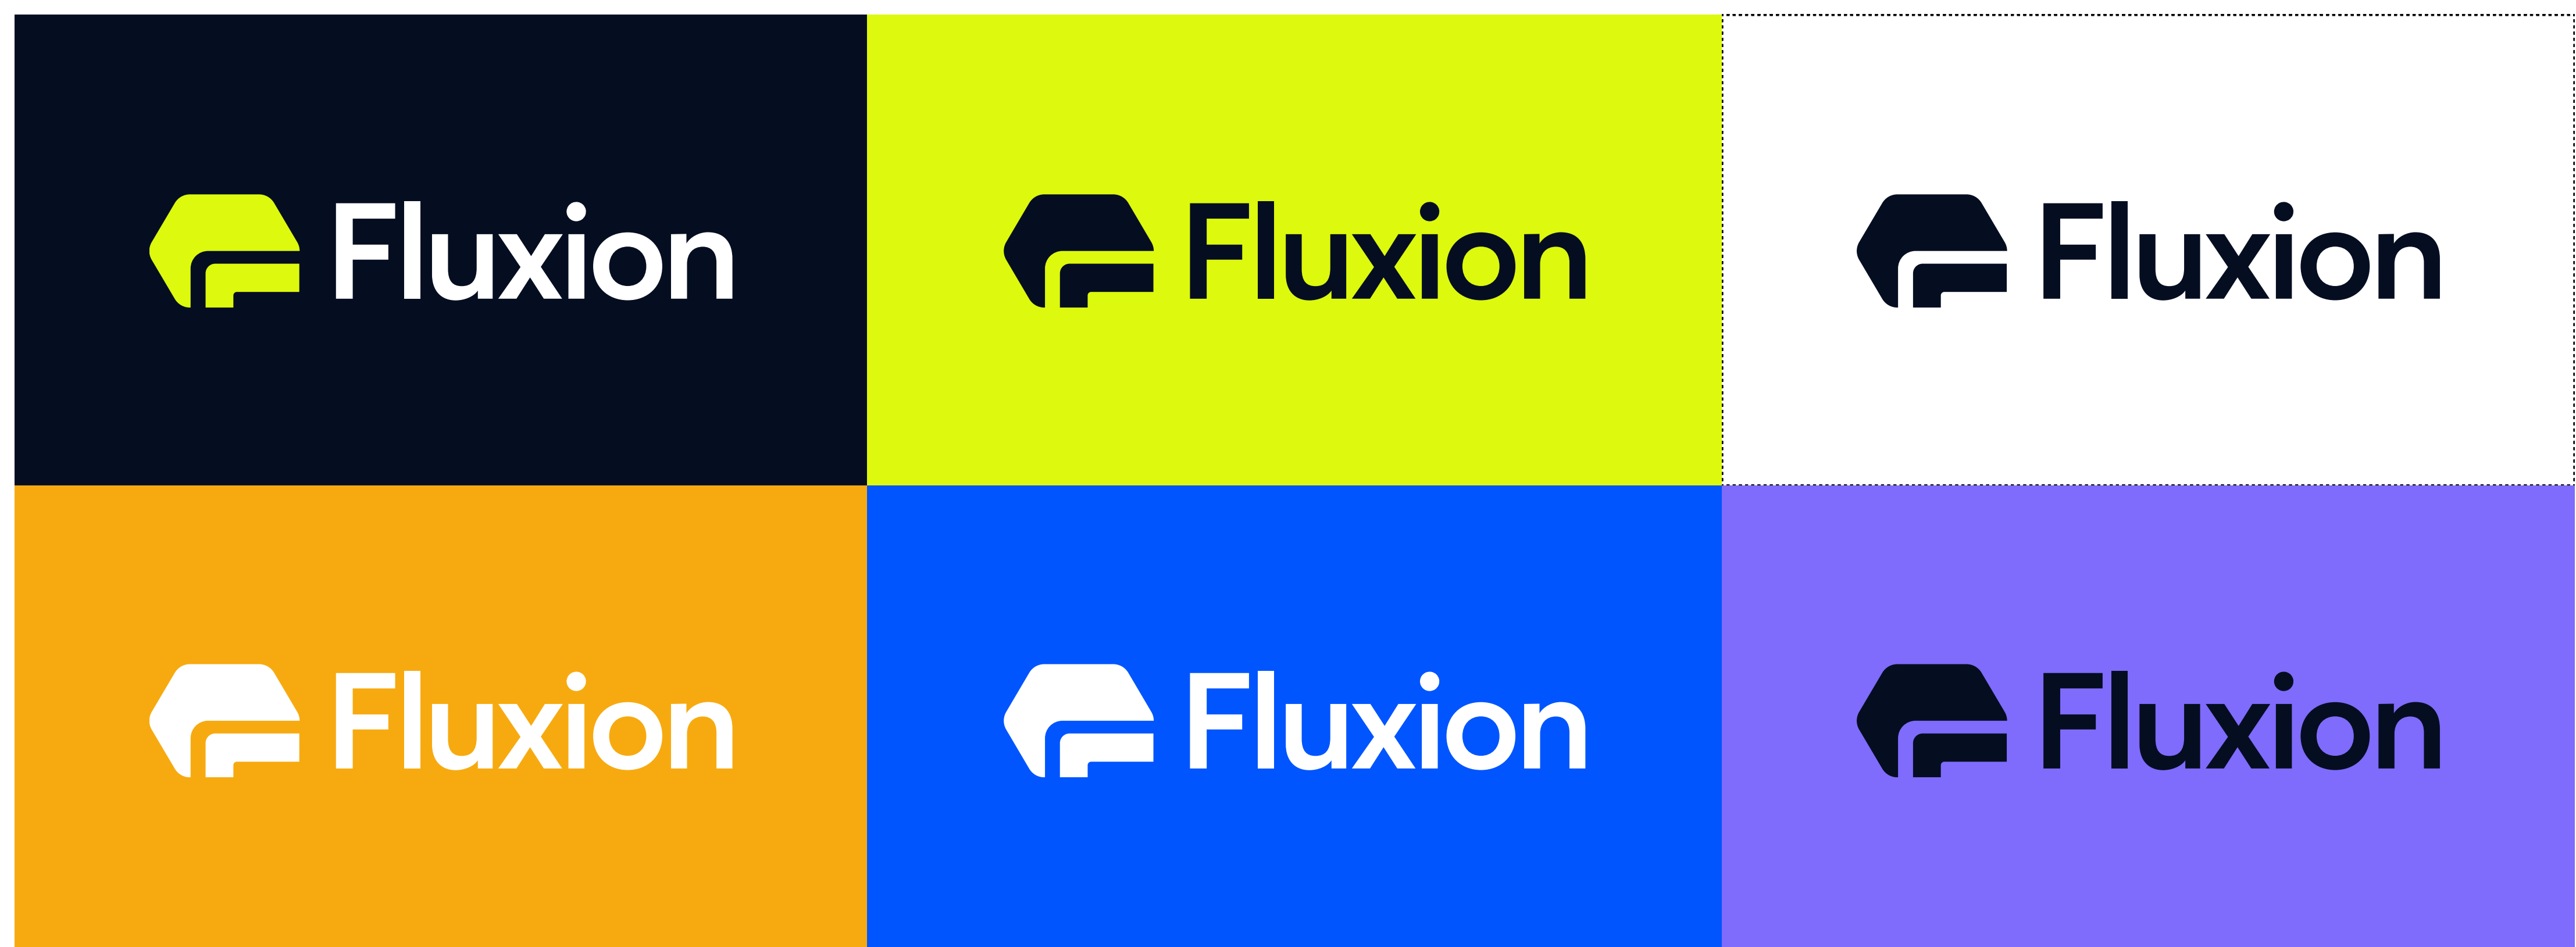

Logo Usage: Clear Space

Generous space around the logo is known as clear space.
Always ensure that the minimum clear space around the logo
is equivalent to the width of the letter “o” in Fluxion.

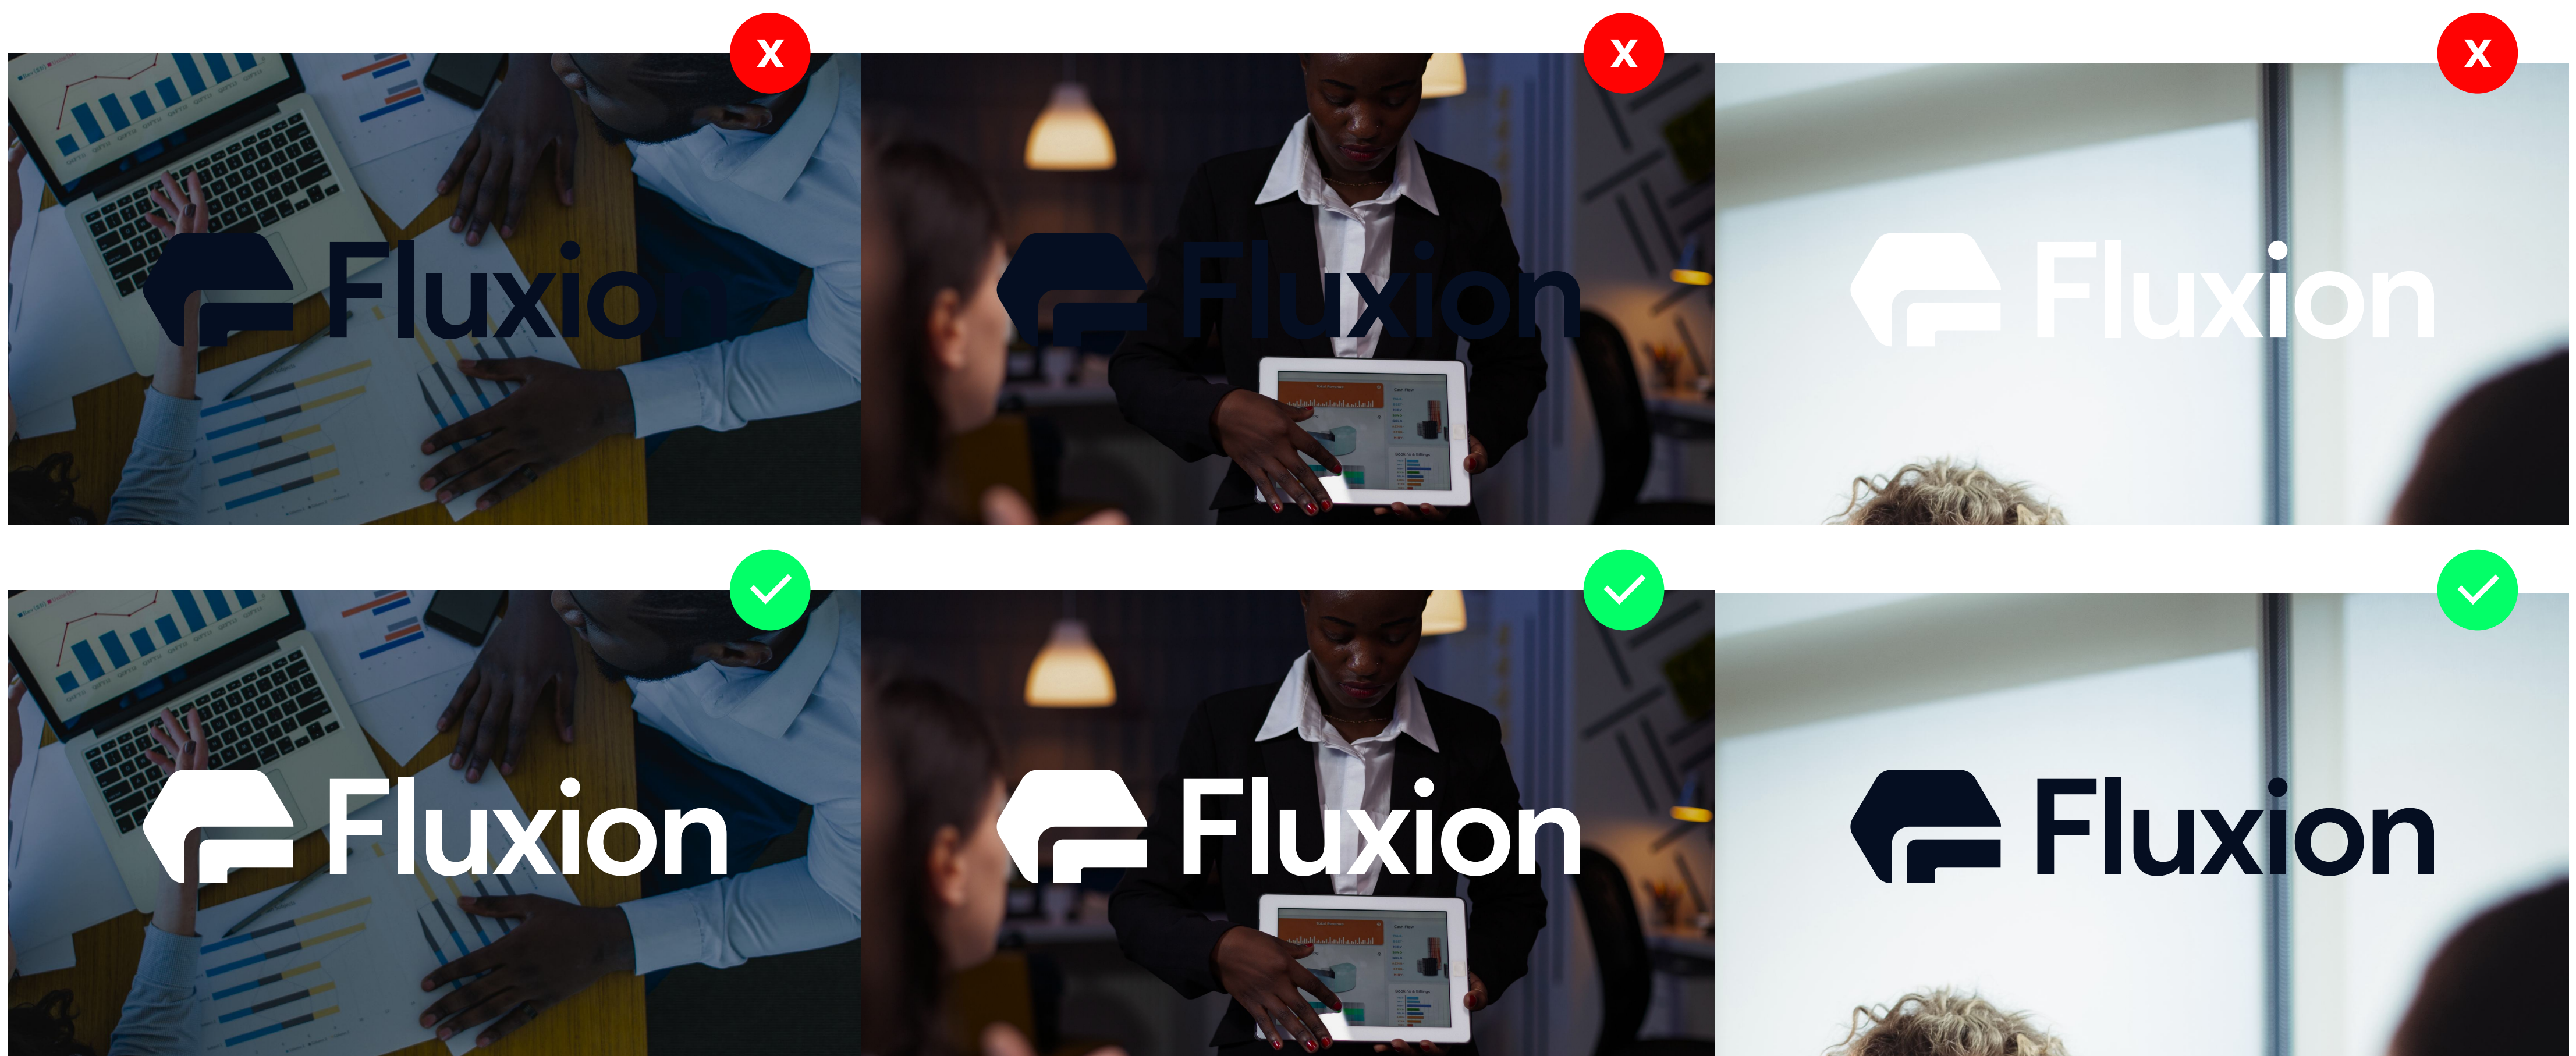

Logo Usage: On Background

The coloured logo should only be used on dark blue or black backgrounds. For other backgrounds, ensure that the logo is either fully white or fully blue to ensure good contrast.

Logo Usage: On Photography

When using the Fluxion logo on photography, ensure that the logo is visible. For dark images, use the logo in full white, and for bright images, the logo should be used in full blue.

Logo Usage: Wrong Usage

No alterations should be made to the Fluxion logo. Note that our brand mark can be used alone, but do not use the word mark without the brand mark.

Do not use the wordmark without the icon.

Do not distort the logo.

Do not rotate any part of the logo.

Do not add a stroke to the logo.

Do not change the size or position of the icon and wordmark.

Do not recreate using a different typeface.

Logo Usage: Placement

Our logo should be placed at the top left, bottom left or top right, bottom right corner of creatives to ensure consistency. Always ensure that text and images align properly with our logo.

Appropriate Colour & Text Combinations

Our text and background colours can be combined in a variety of ways. Always ensure that background and text pairing work effectively as seen in the examples below. For brand consistency, a majority of creatives should stick with the primary colours.

Typography

Satoshi is a modernist sans serif typeface. Its design combines typically grotesk-style letterforms, with some characters that are quite geometrically-designed. In terms of its appearance, Satoshi was inspired by Modernism and Industrial-Era graphic and typographic design.
